Rhododendrons And Azaleas

FALL 1934 & SPRING 1935

RHODODENDRON RACEMOSUM
F. P. I. 59717.

THE above illustrated form of this species has proven itself a very hardy and lovely dwarf rhododendron quite adaptable to our Rock Gardens in the Eastern United States, with standing the record cold of last winter admirably.

Its bright, clear, rose flowers fit admirably into the color scheme of the dwarf daffodils, iris and other rock plants of its season while the small evergreen leaves dark and lustrous above, glaucous white below and the coral pink of its twigs and winter flower buds make it an attractive plant at all seasons.

JOSEPH B. GABLE
STEWARTSTOWN, PA.

Adenogynum—White with many crimson spots. Should prove hardy.	4 in. pots, \$1.50
Aechmophyllum—A shrub of 3-4 ft. with pink flowers.	6 in. pots, \$2.00
Agastum—To 20 feet. Flowers rose with crimson spots.	3 in. pots, 75c
Agastum X irroratum—This will probably grow to be a large shrub with pink flowers of large size.	4 in., 75c
Altaclarenses—Large flowers of clear yellow shades fragrant. One of the best azaleas. Hardy.	4 in. pots, 75c. 1½-2 ft., \$2.50
Ambiguum—Shrub to 5 ft. with yellow flowers. Seems fairly hardy.	4 in. pots, \$1.00
Arborescens—An azalea. Flowers white very fragrant and hardy.	6-12 in. bushy @ \$1.00 5-6 ft. heavy @ 5.00
Arborescens X occidentalis—A very densely branched azalea with fragrant white flowers and yellow blotch.	12-18 in. heavy @ \$2.00
Arboreum album X pink Calophytum—Should have large blush flowers and splendid foliage. A small tree. Much hardier than Arboreum.	4 in., 75c
Arboreum album X white Calophytum—Identical with the above except flowers should be pure white.	4 in., 75c
Atlanticum—An azalea. Low growing. White to rose fragrant flowers. Hardy.	12-15 in. \$1.00
Atlanticum Type A—A variation of the above with purplish foliage. Hardy.	12-15 in., \$1.00
Atlanticum X japonicum—This hybrid, originated here, produces large early fragrant flowers of light to deep yellow shades. Hardy.	12-18 in., \$2.50
Astrosanguineum X Thomsonii—This cross of a red hybrid with a red species should produce some interesting results.	3½ in. pots, 50c. 4 in. pots, 75c
Aucklandii X campylocarpum—Flowers light yellow or cream.	4 in. pots, 75c
Aucklandii X Thomsonii—Probably a small tree with large pink to red flowers.	4 in. pots, 75c
Aucklandii X Williamsianum—A queer cross but it may be good.	2 in. pots, 50c
Augustinii—The blue rhododendron. Fairly hardy. To 10 feet.	3 in. pots, 75c 4 in. pots, \$1.00. 8-12 in. @ \$2.00
Auriculatum—Very large fragrant white flowers as late as August, and is likely to prove hardy.	4 in. pots, \$1.00. 6 in. pots, \$2.00
Azaleoides—Purports to be a hybrid of Rhod. Maximum and azalea viscosa but looks like a true Rhod. to us.	2 in. pots, 50c
Balfourianum var. aganniphoides—A shrub, 4-8 feet high with pale rose flowers marked crimson.	4 in. pots, \$2.00
Barbatum—A tree 30-60 ft. in height with bright crimson scarlet flowers.	3 in. pots, \$1.50
Beesianum—Grows to 20 ft. with dark green foliage. Flowers white to rose with crimson markings.	4 in. pots, \$1.00
Bodinieri—A small shrub with rose flowers spotted purple.	3 in. pots, 50c
Brachycarpum—Creamy white and pink flowers, 8 to 10 feet. Hardy.	3 in. pots, 50c 6-8 in. heavy, \$1.00
Calendulaceum—The Flame azalea with orange to scarlet flowers.	6-12 in., 50c. 2 to 3 ft., \$2.50
Calendulaceum X arborescens—Should have cream or yellow flowers.	6-8 in., 50c
Californicum—Rose purple to pink flowers with yellow spots.	4 in. pots, \$1.00
Californicum hybrids—Crossed with some of the best species and hybrids. These should be of interest to Western customers.	4 in. pots. \$1.00
Californicum X Loderi—Should have very large blush flowers, probably fragrant.	6-12 in., \$1.00
Calophytum—A small tree with magnificent foliage and large trusses of white or pink flowers.	3 in. pots, 50c. 4 in. pots, 75c
Canescens—An American azalea. Pink fragrant flowers.	2 to 3 ft., \$2.00
Carolinianum—Grows 3 to 4 feet and hardy. Early pink flowers.	2 to 3 ft., \$3.00 1 to 2 ft., \$2.00. 6 in., 50c
Carolinianum album—As above with white flowers.	12-15 in., \$1.00. 2 to 3 ft., \$2.00
Carolinianum X mucronulatum—Large rose pink flowers earlier than Carolinianum and evergreen foliage. A thrifty grower and hardy.	2-3 ft., \$3.00
Carolinianum X racemosum—Flowers light rose abundantly produced.	4 in. pots, \$1.00 12-18 in. plants, \$3.00
Catawbiense—Our very hardy native with rose purple flowers.	2 to 3 ft., \$4.00. 1½ to 2 ft., \$3.00
Catawbiense X Californicum—Fine heavy well branched plants.	10-12 in., \$1.00
Catawbiense X haematodes—Haematodes being esteemed as one of the very finest Chinese species, hardy in England and having brilliant scarlet crimson flowers this hybrid should be good. Colors unknown.	12-18 in., \$1.00. 1½-2 ft., \$2.00
Catawbiense Hybrid Seedlings—Various colors.	6-12 in., 50c. 1-1½ ft., \$1.00
Caucasicum—A dwarf shrub from the Caucasus which grows very slowly here. Flowers pale cream or rose tinted. Hardy.	3 in. pots, \$1.00
Chartophyllum praecox—White or blush with crimson markings.	10-12 in., \$1.00
Chrysanthum—Dwarf to 1 foot with pale yellow flowers. Hardy.	3 in. pots, \$1.00
Cinnabarinum—A shrub to 6 feet with tubular flowers of bright cinnabar red. Rather tender here.	3 in. pots, \$1.50

- Clementinae—Named by Forrest after his wife this rhododendron should be attractive. Flowers rose with crimson markings. 2 in. pots, 50c
- Davidsonianum—To 8 feet. Best pink form. 6-12 in., \$1.00
- Decorum—Grows from 12 to 20 feet with white sweet scented flowers. 4 in. pots, \$1.00. 6 in. pots, \$2.00
- Decorum, Rose, M. V. 4 in. pots, \$1.00. 6 in. pots, \$2.00
- Decorum 30887 Forrest 2 in. pots, 50c
- Decorum X Atrosanguineum—One would expect this hybrid to produce large flowers of pink and blush shades. Fragrant. 4 in. pots, \$1.00. 6 in. pots, \$2.00
- Detonsum—Rose pink flowers with crimson spots. 9-12 ft. and probably hardy. 3 in. pots, 75c. 4 in. pots, \$1.00
- Dictyotum. aff.—Blush flowers with pink margin. 9-12 ft. 3 in. pots, \$1.00. 4 in. pots, \$1.50
- Discolor—Late flowering with large white or pink flowers, this species reaches 20 feet or more and has proven hardy here. 6 in. pots, \$2.00
- Drumonium—A dwarf alpine species that attains a foot in height. Mauve flowers. Should be hardy. 2 in. pots, 75c
- Falconeri series, 18234 J. F. Rock—Color and hardiness unknown here but field notes say leaves 2 feet or more long, tree 15 to 25 feet tall, flowers large pink. 4 in. pots, \$1.00
6 in. pots, \$1.50
- Fastigiatum—One of the best dwarf alpine rhododendrons for the rock garden. Flowers purple or violet blue, large for so small a plant. 3 in. pots, 75c. 4 in., \$1.00
- Fortunei—Bluish pink fragrant flowers and dependably hardy. This species becomes a tree of 15 to 20 feet. The corolla is seven lobed instead of the usual five and we strongly recommend this species. Requires some shade. 12 to 15 in., \$2.00. 4 in. pots, \$1.00
- Fortunei X niveum 3 in. pots, 50c
- Fulgens—A shrub species with small trusses of bright scarlet flowers in very early spring. 3 in. pots, \$1.00
- Haemaleum—A rather small sort said to be hardy and to have black-crimson flowers. 3 in. pots, \$1.50
- Haematocheilum—Flowers open deep red fading to nearly white. 2 in. pots, 50c
- Haematodes X Arboreum—A hybrid of two intense red species. 2 in. pots, 50c. 3 in. pots, 75c
- Haematodes X Gilian 3 in. pots, \$1.50
- Heliolepis—Shrub to 10 feet. Foliage intensely aromatic. Rose or rose purple flowers in June. 4 in. pots, \$1.00. 6 in. pots, \$2.00
- Hinodegiri—The popular red evergreen azalea. 10-12 in., \$1.25
- Hinodegiri X Poukhanense—A compact growing azalea much hardier than Hinodegiri and with larger purple flowers. 12-18 in., \$1.50
- Hippophaeoides—Grows to a shrub of 2 or 3 ft. with lavender blue flowers. 4 in. pots, \$1.50
- Hirsutum—The “Alpine Rose” of Switzerland. 2 in. pots, 50c
- Hormophorum—To 3 ft. Flowers rose. 4 in. pots, \$1.00
- Indicum—This azalea is better known as A. macrantha. 12 x 12 in., \$1.50
- Indicum (macrantha) hybrids—Colors unknown. 3 in. pots, 50c
- Intricatum—Very small tangled shrub grows to about 2 feet. Flowers light to deep blue. Hardy. 4 in. pots, \$1.00. 6 in., \$2.00
- Japonicum—Deciduous species of the azalea series with yellow to orange flowers. Hardy. 8-12 in., 50c. 12-18 in., \$1.00
- J. C. van Tol.—One of the best Mollis azaleas with orange and flame colored flowers. 18-24 in., \$1.50
- “Jeune a Marjille”—Seedlings of this little known Hybrid. 6-12 in., \$1.00
- Kaempferi—Another Japanese azalea of pink salmon and orange shades. Evergreen in mild climates but hardy in New England where its leaves mostly fall. 12-18 in., \$1.00
2-3 ft., \$2.50
- Kaempferi hybrids—This strain developed from a hybrid of Kaempferi and Poukhanense, the two hardiest Japanese azaleas, has flowers of many shades. Standing in nursery rows in the open field during the 1933-34 winter when the temperature fell to over 20° below zero and flowering nicely speaks more for their hardiness than anything we can say. Originated and introduced by us. 2-3 ft., \$2.50. 18-24 in., \$1.50
- Keiskei—A low compact shrub with lemon yellow flowers. Suitable for the rock garden. Flowering size plants. 4 in. pots, \$1.00. 6 in. pots, \$2.00
- Lacteum series, 18138, 18141, 18150 & 18179 Rock.—Colors unknown but probably white and pink. 4 in. pots, \$1.00
- Loderi—Seedlings of this “ne plus ultra” of English hybrids which seems fairly hardy here. 3 in., 50c. 4 in., \$1.00
- Louisa Hunnewell—One of the hardiest Mollis azaleas. Yellow to orange flowers. 6-12 in., 50c. 12-18 in., \$1.00
- Lutescens 1197 Wilson—Faster grower than the type and somewhat larger leaves. 6 in. pots, \$2.00
- Luteum—This old world azalea better known as “pontica” has fragrant yellow flowers. 6-12 in., 75c. 18-24 in., \$2.00
- Luteum hybrids—Mostly yellow and pink shades. Hardy. 6-12 in., 75c

Macrosepalum—Flowers Rose.	12 in., \$1.00
Maximum—Light pink or white flowers in July. Very hardy. Grown from seed we consider these superior to collected plants.	6 to 12 in., 50c. 1 to 2 ft., \$1.00. 2 to 3 ft., \$2.00
Maxwelli X Kaempferi—This azalea cross looks promising.	12-18 in., \$1.50
Micranthum—Hardy. Small white flowers in June in great profusion.	12-18 in., \$1.50
Minus—A hardy but little known American rhododendron resembling <i>R. carolinianum</i> but flowering in June.	6-12 in., \$1.00
Mollis—A popular azalea of yellow and orange shades.	18-24 in., \$2.00
Morii—A large growing species with white to rose flowers.	4 in. pots, \$1.00
Mucronulatum—Very early rose purple flowers with Forsythia. Hardy.	6-12 in., 50c 12-18 in., \$1.00. 18-24 in., \$2.00
Neriiflorum—Bright scarlet flowers and free flowering but needs heavy protection here.	3 in. pots, \$1.00
Neriiflorum X haematodes—Should be hardier than the above with the same color.	3 in., \$1.00
Nudiflorum—The common native azalea commonly but erroneously called the "bush honey-suckle."	12-18 in., \$1.00. 18-24 in., \$1.50. 2 ft., \$2.00
Occidentalis—Fragrant white flowers or sometimes tinged with yellow. Deciduous.	15-18 in., \$2.00
Ochraceum	2 in. pots, 50c
Oleifolium X augustinii	4 in. pots, \$1.00
Orbiculare X Williamsianum—Dwarf with pink flowers.	2 in. pots, 50c
Oreodoxa—A small tree with pink flowers.	3 in. pots, \$1.00
Oreotrephes—Early pink flowers and pretty glaucous foliage. Flowering size plants.	6 in. pots, \$2.00
Pennsylvanicum—A natural hybrid of <i>R. atlanticum</i> and <i>R. nudiflorum</i> . Early fragrant white flowers.	12-18 in., \$1.00
Ponticum—Purple flowers.	18 to 24 in., \$1.50
Poukhanense—A hardy low growing Japanese azalea with fragrant lilac tinted flowers.	8-12 in., \$1.00. 1½-2 ft., \$2.50
Poukhanense X Hexe—This hybrid produced here has deep red purple flowers of large size. Many of them hose in hose.	8-12 in., \$1.00. 12-18 in., \$1.50
Quinquefolium roseum (Pentaphyllum?)	1½-2 ft., \$2.00
Racemosum 59717 Rock—We recommend this as a very hardy form of this delightful rock garden subject. Clear pink flowers in late April or early May.	4 in. pots, \$1.00 10 to 12 in., \$3.00
Racemosum, 19404 Forrest—Considered the best form in England where it grows but a few inches high with bright pink flowers. Fine for rock garden.	6 in. pots, \$2.00
Racemosum X mucronulatum—Early rose pink flowers.	18-24 in., \$3.00
Reticulatum—Better known as azalea Rhombica or dilatata. Bright purple flowers.	12-18 in., \$1.00
Roseum—Azalea. Bright pink flowers. Very early and hardy.	12 to 18 in., \$2.00
Rubiginosum aff. 18119 Rock—Flowers probably pink. Aromatic foliage.	12-18 in. pots, \$2.00
Schizopeplum 18152 Rock—Flowers unseen. Probably rose with crimson spots as in the type.	3 in. pots, 75c
Schlippenbachii—The largest leaves and flowers of any hardy azalea species and by many considered the loveliest when covered with its great pink flowers.	6 in. pots, 75c 6-12 in., \$1.00
Smirnowii—Very hard and slow growing with rose pink flowers of good size, this species is immune from the lace wing fly.	6-8 in., \$1.00. 8-12 in., \$1.50
Smirnowii hybrids—These seedlings will have good size flowers of pink and rose shades.	4 in. pots, 75c. 10-12 in., \$1.50
Smithii X calophytum	3 in. pots, 50c
Taliense series—The type has creamy yellow or cream flushed rose flowers with crimson markings, but have not yet flowered here.	3 in. pots, 75c
Thomsonii—A large growing sort with blood red flowers.	3 in. pots, 75c
Traillianum—A tree 20-30 ft. high with flowers white or white flushed rose with deep crimson spots.	3 in. pots, 75c. 4 in. pots, \$1.00
Triflorum—To 8 feet with light yellow flowers spotted green.	3 in. pots, 75c
Tschonoskii—One to two foot azalea with small white flowers.	8-12 in., \$1.00
Vaseyi—Its very early pink flowers make it one of the loveliest azaleas.	3 in. pots, 50c 12-18 in., \$1.00. 4 x 4 ft., \$5.00
Vernicosum aff. 18139 Rock—Colors unknown but the type has clear pink seven lobed fragrant flowers and becomes a small tree of 25 feet.	6 in. pots, \$2.50
Villosum—A shrub of 10 to 15 feet with bright purple flowers.	4 in. pots, \$1.00. 6 in. pots, \$2.00
Wardii—Grows to 15-20 feet. Bright yellow flowers.	3 in. pots, \$1.00. 4 in. pots, \$1.50
Yunnanense—One of the best Chinese rhodos. Pink flowers.	4 in. pots, \$1.00. 6 in. pots, \$2.00
Yunnanense X Cinnabarinum	3 in. pots, \$1.00

We also grow a number of rare hollies, yews, firs, magnolias, spruces, pines, etc. If interested write stating species or variety wanted and we will immediately quote prices if in stock.

Packing extra at cost on small orders. Orders of \$10.00 and more packed free. Terms cash with order from parties unknown to us.
